

iON Secured Networks recognized as one of Canada's top emerging growth companies by PROFIT HOT 50

MONDAY, SEPTEMBER 18, 2006

iON Secured Networks, headquartered in Calgary, Alberta, is proud to announce we are included in the 7th Annual PROFIT MAGAZINE'S HOT 50. The **PROFIT HOT 50** is the definitive ranking of Canada's emerging growth companies. Published in the September issue of PROFIT MAGAZINE and online at PROFITguide.com, the PROFIT HOT 50 ranks young firms by two-year revenue growth.

iON Secured Networks attributes this ranking to our commitment in providing the best security solutions on the market while augmenting these products with superior service and training. iON's focus on securing North America's top corporations will continue to be driven by attracting top IT Security expertise to service our established clients, while maintaining our reputation for easy introductions to new clients. iON takes pride on their overall approach to IT Security excellence.

"The PROFIT HOT 50 companies represent the ambition, sophistication and immense contributions of Canada's entrepreneurial sector", says PROFIT editor Ian Portsmouth. "PROFIT is proud to celebrate the success of these businesses and to share their growth strategies".

In keeping with their commitment to the transfer of knowledge, iON Secured Networks would like to share our **IT Security Events** calendar:

Events

WEST COAST SECURITY FORUM 2006 – VANCOUVER - Nov 27th-28th 2006.

- iON, along with our partner, Secure Computing, are platinum sponsors for this security event
- Join us for keynote Speaker Paul Henry (bio below) on Monday Nov. 27th 2006.
- For more information visit www.wcsf.com

IT SECURITY BREAKFAST - CALGARY – Wednesday, Nov 29th 2006

Join us for our popular IT Security Breakfast series. For this event we have invited world renowned speaker **Paul Henry** of Secure Computing to discuss Global IT Threats. Paul Henry is one of the world's foremost global information security experts, with more than 20 years experience managing security initiatives for Global 2000 enterprises and government organizations worldwide.

Henry is frequently cited by major trade print publications as an expert on both technical security topics and general security trends, and serves as an expert commentator for network broadcast outlets such as **NBC** and **CNBC**.

Paul Henry also serves as a featured speaker at security seminars around the world, with diverse topics such as network access control, Cyber crime, DDoS attack risk mitigation, firewall architectures, and computer and network forensics.

- this event would be beneficial for CEOs, CFO's CIO's and Upper Management
- only 90 seats available, register early
- this is a free event
